

CLASS SCHEDULE OCTOBER 2022

CLASS DESCRIPTIONS

Power Vinyasa Yoga: A physically challenging breath-based yoga flow practice that invites students to step out of their comfort zone to discover what they are capable of on and off their yoga mat. It promotes strength, confidence, empowerment, and all the neurological, mental, and physical benefits of a mindful yoga practice. Temp: ~90°

YOD: We inject high-intensity interval training into our regular Power Vinyasa class to train your body in a new way and enhance your yoga practice. Temp: 85-90°

Slow Flow: A slower-paced version of a power vinyasa sequence that allows several breaths per movement. Great for those interested in digging deep... spoiler alert: "Slow Flow" does not mean "Easy Flow." Temp: ~90°

Friday Flow: A Power Vinyasa class with music taking a front seat! There is typically a little less instruction in these classes so you can get into the groove and shake your asana!

Renew & Release: Renew & Release is a slow, deep, and powerful flow with a focus on twists, heart and hip opening, while still creating tapas (heat) through physically challenging poses and transitions. Temp: ~90°

Meditate & Rejuvenate: Guided meditation and a juicy, hip-opening, rejuvenating flow. Temp: 80-83°

Yoga for Recovery: Through inquiry, group sharing, meditation, breath work, and physical asana practice, you will work to bridge the gap between the 12-Steps and yoga. This class is FREE as a service to our community. Temp: 80-83
