ABOUT 502 POWER YOGA

502 Power Yoga offers a judgement-free environment for students to support and motivate each other through a physically challenging yoga practice. No matter what your experience level is, or how you feel on a particular day, a class at 502PY has a unique way of generating connection, inspiration, and transformation, leaving you feeling more empowered and confident than you were before. Our vibrant and slightly off-kilter culture is for you if like to keep it weird, keep it real, and have a little fun while you sweat.

NEW STUDENT SPECIAL: 30 DAYS FOR \$45

All first time visitors to the studio are eligible to try unlimited classes for 30 days for only \$45.

CLASS DESCRIPTIONS

Power Vinyasa Yoga: A physically challenging breath-based yoga flow practice that promotes strength, confidence, empowerment, and all the neurological, mental, and physical benefits of a mindful yoga practice. Temp: ~90°

YOD (Yoga+HIIT): We inject high-intensity interval training into our regular Power Vinyasa class to train your body in a new way and enhance your yoga practice. Temp: 85-90°

Rocket: This vigorous yet playful vinyasa yoga practice is a rebellious remix of the Ashtanga series. Expect inversions, arm balances, funky transitions, and to get STRONG. Temp: 80-85°

Friday Flow: A Power Vinyasa class with music taking a front seat! There is typically a little less instruction in these classes so you can get into the groove and shake your asana! Temp: ~90°

Hearts & Hips: A slow, deep, and powerful flow with a focus on twists, heart and hip opening, while still creating tapas (heat) through physically challenging poses and transitions. Temp: ~90°

Slow & Strong: In this slower-paced Power Vinyasa class, we think "less is more." You'll challenge yourself by holding fewer postures for a longer period of time. Temp: ~90°

Meditate & Rejuvenate: This class explores the more yin and restorative aspects to our physical practice and includes guided meditation. Temp: 80-85°

Yin: A passive style of yoga in which postures are held for longer periods of time to allow for deep release. Temp: ~80°
